PUTTING IT GENTLY

The international commercial interests of such large organizations as Du Pont and Imperial Chemical Industries may precede in the minds of these companies the importance of national policy.

The Senate committee at Washington is to be congratulated on being able to thus embody its sentiments in polite language after learning that the Du Pont company is one of the stockholders in the Hudson Bay Company.

The two concerns have a working agreement for the interchange of information. The committee is not the first to discover that the munitions-making business has been internationalized, but it is the first to suggest in a polite way the patriotic value of the calculations of the makers when profits are in sight.

It is still true that human judgment "Dots" these things. Good, when national security is justice. But to suggest that munitions-making concerns might ever put considerations of national policy or welfare ahead of the chance of profits is giving them all the benefit of the doubt. Such a policy does not pay dividends, the financial and democratic shift their capital and their loyalty to some other country—any country that will pay the price.

UNIVERSITIES AND INTERNATIONAL AFFAIRS

The approach of the University season lends appropriate emphasis to the Canadian Political Scene. An educational study of the intricacies of the Dominion is the antecedent of an understanding the intricacies of European statecraft. No one conversant with conditions prevailing in our colleges can doubt the substantial accuracy of this claim, made by the president of the Canadian Association of University Students, that the teaching of international affairs, with the calculations of the makers when profits are in sight.

Brynildsen went to the trouble of frequent trips between the Vancouver banks. For ten years the "velocity money" of the Brynildsen Company circulated in the Bella Coola country. It was regarded as good as gold, and its use was general. In 1914 when the money got outside the district, an Indian in the Northwest Territories presented a Brynildsen token to a Hudson's Bay store. The factor was too slow to respond to the token. He told the Indian to keep the Indian's confidence, but told him it was not "King's money," and not to take any more. He sent it to headquarters. Headquarters took it up with the government, which ordered the Brynildsen company to desist from issuing the tokens.

OTTAWA INTERVENES

The Dominion Government is paying half the cost of constructing and reconstructing main highways in the province, as one means to provide work at wages for men in need. But thus far the federal contribution has meant nothing to relief-men in Edmonton, and nothing in the way of reducing the cost of relief borne by Edmonton taxpayers.

This transpired when the city Commissioners interviewed the men on Friday. While a thousand men have been employed on the James highway during the summer, there were no Edmonton relief-men among them. Of five hundred men given work on other projects in this area, only four were drawn from the Edmonton

area in the way of reducing the cost of relief borne by Edmonton taxpayers.

Of five hundred men given work on other projects in this area, only four were drawn from the Edmonton

area in the way of reducing the cost of relief borne by Edmonton taxpayers.

A condition of the Dominion participating in the cost of the highway work was that 30 per cent of the men employed should be recruited from men drawn readily from the province.

As the other 90 per cent were not drawn from the province, the Dominion's condition was that they were men who were not on relief anywhere—and that the object of giving work to unemployed men was being frustrated.

The view of this, the Dominion suspended the subsidy arrangement, and only renewed it on condition that the agreement should be carried out as it was intended, as a measure for giving employment to men who had none. Hereafter, the city Commissioners will have to pay the men from the Edmonton-Calgary highway.

The city is indebted to Ottawa for having a hand to the procedure by which Edmonton relief-men and taxpayers have been deprived of the benefits that should have received and were apparently intended to receive, from the Dominion contribution in aid of highway-building.

HI-GRADS PLUNGE TO VICTORY OVER CALGARY

Hi-Grads Serve Alarming Notice Of Title Intentions on Boisterous Bronx—Skipper Speer Hopeful

As expected, Saturday's gridiron battles produced a lot of enlightening facts in the cold figures of the final scores. So far as Edmonton and Alberta are concerned, the highlight of Saturday's football was the Hi-Grads' 21-19 victory over the Calgary Broncs "B" team by 14-5. While it was only the Broncs' secondary outfit that the Edmontonians trounced, the victory is nevertheless significant in view of the difficulties the Hi-Grads have faced.

It is not unusual to see, before leaving for Calgary, the Edmontonians had no financial backing and no assurance that they would even be able to play. That took a lot of zip out of their training. Likewise practically all members of the squad are playing and cannot afford to pay their expenses after 6:30 p.m. when they have been away for hours of practice. On top of this, there have not been enough men out to make two squads, which is perhaps the greatest handicap of all. Against this set-up, the Calgarians have had plenty of practice with the Bronx and good financial backing from the start.

It was only a week or so before leaving for Calgary that the Hi-Grads got the benefit of Dick Speer's coaching services. Dick realized that the time was too short to attempt to build up plays and he wisely concentrated on a few that the majority already had a working knowledge of. That the Hi-Grads pulled through with a decisive victory, in the face of all these handicaps, is a credit to the coach and the players, who have been equal to the task. On top of this, there have not been enough men out to make two squads, which is perhaps the greatest handicap of all. Against this set-up, the Calgarians have had plenty of practice with the Bronx and good financial backing from the start.

It is not an overstatement, at the same time, to say that far fewer men are being used by the Bronx "B" team than an artistic drumming from Regina. "If I can get three or four men I am after around Edmonton and the team develops the way I think it will, we should have a good fighting chance to take the Bronx when we play them a week from next Saturday," he explains.

Tackle Bears Next

In the meantime, the Hi-Grads will tackle Varsity's Golden Bears here next Saturday in a game that should tip the scales in their favor. The cavorting Golden Bears are still an unknown power in the Alberta gridiron problem, but Coach Jake Jamieson has a squad working out daily that he expects surprising results from. It should be a battle with plenty of thrills.

Coch Speer came back from Cow Town filled with pep. He can see real possibilities in his squad's present talents. He hopes the Archie's, who harassed the Bronx that tried to pass him, the way Gerlitz was kicking and the way Stevens and Wynn were calling plays. He sent his team out on the field Saturday with instructions to make their own breaks by hustling all the time. It worked like a charm, right off the bat, the broncs' game. It worked like a bronc half the group of wildered Bronx and were over for a touchdown. They got another one later on with exactly the same sort of hustling play. If Cronin figures he will be able to coast against Edmonton, he is due for a real surprise.

Riders Tame Broncs

There may not be much in names, but there is at least a chuckle in the way the Regina Roughriders rode the Calgary Broncs on Saturday. Only a Calgary enthusiast can possibly believe that the Broncs will win the Alberta title this year. However, this is nothing to be ashamed of. With seven starry U. S. imports, the Roughriders should be good. Right now it seems fairly safe to say that the Dominion championship this year will be settled between the Regina and Winnipeg. The record of players means anything at all, these outfitts are not bad classed as amateur. They could probably make mince-meat out of a lot of major college teams south of the line. When the Winnipegs and Roughriders go together, the lineup looks like a convention of all amateurs.

Sport writers used to speculate on what a team of all amateurs would be like. They never ever did. All they have to do is watch the Canadian papers.

Down east the stormy Montreal Indians lost their scalps to Toronto's Balmy Beach squad. Trouble appears to have developed right where it was feared—in the Indian back field, where three big stars looked like a trio of candles from a birthday cake. So far the Mexican army appears to be the only outfit that really thrives on an over-supply of green.

Bill Root Will Referee As Angelo Meets Adams

Montana Mat Chief Will Lay Down Law to Colorful Italian

By virtue of winning against Mickey McGuire for the second straight time, Montana Mat will meet Hugh "Whiskers" Adams Friday at the Montana Hall. But the mat will be a hard one to wrestle much cleaner this Friday as Bill Root, of Great Falls, Montana, will referee.

After many requests, Promoter Cutcher, better known as "Farmer" Mike, has agreed to let Bill Root to referee this week. Root who referred in a bout in which Mike McGuire was the victor by justice by handing out the gant and he was unable to referee again, was anxiously awaited by mat fans.

Golfing Sensation Will Not Compete

REGINA, Sept. 21—Margaret Esmonde, the 15 year old woman golf title, will not play in the Canadian Open golf tournament opening in Montreal next week owing to regulations requiring her to be 18 years old. She had been granted a special leave of absence by the Canadian Golf Association to compete in the Ontario Open, which was to be held at the "outstanding" Canadian Club.

A committee of five Toronto golfers will make the selection. The trophy is to be given by Chas. Ring, sportsman and investment man. Both amateur and professional golfers will be eligible for the award.

It is certain that Root will make a good job of it, much cleaner than he has and Adelmo will give a grand battle against the Montana Angelo.

Edmonton's John J. Demchuk considered by all as the most interesting fighter in the country this year, will be wrestling Jack Braman in a semi-semi-final.

John Jackson may wrestle is being rounded out by Promoter Cutcher, interested to know. He has had an extended rest and will be in top form when he meets the mat.

Bill Marsh Trophy Awarded Annually

EDMONTON, Sept. 21—Announced was made here yesterday that the Bill Marsh trophy, in memory of the Toronto sports editor and hockey and boxing referee whose death occurred last February, will be awarded annually to the "outstanding" amateur.

A committee of five Toronto sportsmen will make the selection. The trophy is to be given by Chas. Ring, sportsman and investment man. Both amateur and professional golfers will be eligible for the award.

ETHIOPIANS AT GENEVA, AND IN FIGHTING MOOD

Situation Arises Out Of Right to be Seated in League Councils

GENEVA, Sept. 21.—The Ethiopian delegation to the League of Nations has arrived in Geneva last night in a fighting mood.

The leading Ethiopian spokesman prior to London remarked he had "heard stories" to the effect that the Ethiopian delegates would be challenged.

(Premier Mussolini has said the Italian delegates will not sit from the League assembly, convening today, if the Ethiopians should be seated.)

NOTHONABLE

"I don't believe," said Marin, "that honorable gentlemen can sit in the same room. After what's happened to Ethiopia, after what we've suffered—what would be a more fitting punishment?"

He declared if the assembly unseats the Ethiopian delegates, an appeal will be made to the world court.

Little nations and the big powers were silent, however, on each other over the delicate question.

At the League Council meeting earlier this month, before the convening of the annual assembly, it was tentatively decided the lesser of two evils was to sit in, but Ethiopia, authoritative informants said.

CATER TO ITALY

Thus, delegates from 140 powers sat in separate operations in separate rooms, could be obtained, while if the League flouted an Ethiopian demand, then Italy it was felt, the breach with Premier Mussolini might be widened.

FLEEING BADMAN CAPTURED IN EAST WINDSOR

Esiga Haggard and Starved When Halted By Patrolmen

WINDSOR, Ont., Sept. 21—Haggard and almost starved Ted Bisaga, Haggard, the notorious badman, escaped from two Canadian immigration officers here Thursday night after he had been held in the Cadillac street in East Windsor last night and was taken into custody by a constable patrolling his beat.

Bisaga said he had not eaten nor slept for 24 hours. (This morning he had been sleeping in fields on the outskirts of town.)

FOOD HIMSELF

Sitting among tall weeds in a field Friday, he had worked with two constables for two hours and a half until he freed himself of the handcuffs which bound his wrists together.

At first the unhappy man who came out of the ally is said to have been unable to read the paper page that he was Bisaga. He gave and then said and was he from Canada. Pages however took him into headquarters for investigation.

WAS SHOT

The badman was recognized by Detectives John Mahoney and Sam Ryan, who took part in his arrest here in 1929. No charge was being made today to turn him over to the department of immigration, from which he was released.

Escorted by the Ottawa officers, Bisaga arrived here by train Thursday morning from the Ontario Penitentiary to Dearborn, Mich., to stand trial there for the killing of two other priests in St. Alphonsus rectory.

During the holdup a policeman and the holdup man were wounded.

SAN DIEGO, Calif., Sept. 21.—The San Diego Padres pounded the offerings of two Oakland pitchers to win the first game of the day in a semi-final game of the coast league championship playoff.

The Padres had a fighting chance in their series with the Oaks who enjoy a three to one lead in the best of five games.

Winner of the series will meet Portland, which took four straight games in the first round of the semi-final, for the league championship.

Advance In Soft Coal Price Limits

WASHINGTON, Sept. 21.—A "material advance" in soft coal prices "commencing probably in the fall" was indicated yesterday by the National Coal Association.

With bituminous coal production in the United States estimated at 27,000,000 tons ahead of the corresponding date last year, the association said the coal price leadership continuation of the trend may cause "a real shortage" of coal cars and force price up.

Verbal Statement Enough For Divorce

BARCELONA, Sept. 21.—Catalan authorities have decided that many features of the Soviet Union's legal principles since the civil war began in 1936 are not in agreement between man and wife if sufficient cause for divorce.

A woman can now divorce her husband and wife is all that is now required under Catalan law, it was announced.
